| California's Low Cost Auto Insurance Program (2018) <i>Available in English, Spanish and Chinese</i> The California Low Cost Auto Insurance Program's purpose is to provide low-income good drivers with access to affordable liability insurance. The program was created by the Legislature in 1999. California law requires that all drivers be insured. However, too many low-income drivers remain uninsured because the costs of standard insurance premiums are beyond their financial reach. The CLCA program provides an affordable option for low-income good drivers. The program provides insurance through the top insurance companies in California. <i>(Limit: 400 copies per language)</i> | <input type="checkbox"/> 100 | <input type="checkbox"/> 100 | <input type="checkbox"/> 100 |
